The draft rules for the levy of fees on patients i.. the Special Private Wards of the Hajee Sir Ismail Sait's Yosha Hospital, received from the Residency Surgeon, Bav been revised with the following additions and alteration so as to be as much as possible on the lines of for the levy of fees in the Bowring and Lady Cur: Hospitals.

In the draft rules put up by office, Rules 1 and 2 are new. These are inserted to make the position clear.

Rule 3(1) has been so worded by office as to includ persons whose income is not in the shape of salary.

To Rule 3(2) a proviso has been added so that it ma be made clear that the total daily charges should not exceed Rs 3/- per day in accordance with the wishes of Hajee Sir Ismail Sait.

In the draft rules sent by the Residency Surgeon, Minor Operations have been mentioned twice, that is, in Rules 3 and 4. Perhaps the latter one is a mistake for 'Major Operations'.

Rule 3(4) of the office draft has been worded so as to be more accurate.

Rules 4 and 7 are the third and fourth sentences in rule 4 of the Residency Surgeon's draft with a slight change in the wording.

Rules 5 and 6 have been copied from the rules for th Bowring and Lady Curzon Hospitals.

If approved, the draft rules as revised by this offi may be sent U.O. to the Residency Surgeon who will kindly say whether they are sufficient or whether he has any modification to suggest.

The Residency Surgeon has approved the draft rules - vide para 365 ante.

A note may be added to the draft rules as follows:-

Note:- Income of the patient when the patient has no ncome of her own means the income of her parent, guardian usband or other person on whom the patient is dependent."

This is necessary in view of the fact that the patient re gosha women and most of them have no income of their wn.

A copy of the draft rules may be sent to the Pay and Accounts Officer who may be asked to say if he has any remarks to offer.

In consultation with the Lady Doctor of the Fort Hospital who approved of the figures. I suggest that the following reductions may be made, to meet the wishes of the Indian gentry of the Fort Hospital & Private Wards :—

Instead of Rs 75/- for those whose income is above Rs 3000/- but not above Rs 4000/- p.m., Rs 50/- is suggested.

vide S.N. 334/a

Instead of Rs 100/- for those whose income is above Rs 4000/-, the sum of Rs 75/- is suggested.

The other items should stand as before : viz. Rs 30/- for patients in Para 1(a), & Rs 40/- for those in Para 1(2).

It is to be noted that in the previous Schedule of fees, we fixed only the maximum, so that the Lady Dr. could exercise discretion about the actual fees (within the maximum limit). The above fees are the known maxima. I think that the above charges will be very reasonable.

Subject:- Draft rules for the levy of fees in Hajee Sir Ismail Sait's Gosha Hospital.

Sir,

330A B With reference to your letter No.8745/247/1919 dated the 16th October 1929 forwarding draft rules for the levy of fees in the Hajee Sir Ismail Sait's Gosha Hospital, I have the honour to offer the following remarks.

Para 4 of the rules appears to imply that only 30% of the fees will be credited to Government instead of crediting the full amount to Government and drawing 70% thereof for payment to the staff. If so, it would be a violation of the orders laid down in Art 1, Civil Account Code, Vol.I, and the para may be amended as follows:-

"The fees realised for Major and Minor Operations and Confinements should be paid into the treasury as hospital receipt 70% thereof required for disbursement to the staff (60% to Operator and 10% to Anaesthetist) may be drawn from the treasury on presentation of bills".

I have the honor to be,
Sir,
Your most obedient servant,
